The Wolves of Yellowstone
A 7-DAY WINTER WILDLIFE EXPEDITION

*What big eyes you have! (All the better to spot wildlife.)*
JANUARY 08, 2016 – JANUARY 14, 2016

THE WOLVES OF YELLOWSTONE

Amidst crisp air, bare trees, frosted earth, and brilliant thermal features of Yellowstone National Park, the wildlife viewing in winter is better than any other time of year. The elements of nature are in full sway and its wild inhabitants, close-knit family groups of wolves, are on the move: hunting, searching for warmth, and surviving.

Dear Northwestern University alumni and friends,

This winter, please join us on an extraordinary adventure: a seven-day wildlife expedition to North America’s best wolf-watching habitat. Dressed magnificently with frost and snow and with visitors few and far between, experience the park when its beauty is more untouched by the outside world than any time of the year. Hushed and magical landscapes are the setting for steaming geysers, trees covered in ice crystals, and the movements of bison, elk, pronghorn, bighorn sheep, and other animals—followed closely by the park’s wolves.

Safari aboard custom vehicles with expert naturalists as we explore and learn about the animals, ecosystem, geothermal activity, and history of the park. Visit the Museum of the Rockies after hours for a private guided tour and special farewell dinner, among other exclusive experiences. At day’s end, overnight in atmospheric hotels and park lodges.

Our rate for Northwestern guests on this departure represents a significant savings over that of non-affiliated guests, (over $600 per couple) so be certain to reserve your spot today—and to share this brochure with friends and family who may be interested in traveling with you! Reserve online at http://northwestern.orbridge.com, by phone at (800) 682-5867, or by returning the enclosed registration form.

Warm regards,

Jay Mastin ’10 MS

Day-by-Day Itinerary*:

**Day 1: Arrive in Jackson, WY**
Welcome to Jackson! This evening, during a welcome reception at the historic Wort Hotel, get to know your traveling companions and Orbridge Expedition Leader to discuss and anticipate your upcoming adventure.
*Overnight: The Wort Hotel (R)*

**Day 2: Jackson / Old Faithful**
Today, depart for Old Faithful, traveling through the Grand Teton National Park to Yellowstone’s South Entrance where we change vehicles for a specially equipped snow coach. This afternoon, watch the geyser erupt and enjoy a nature walk on the Old Faithful Geyser Trail.
*Overnight: Old Faithful Snow Lodge (B,L,D)*

**Day 3: Old Faithful / Mammoth Hot Springs**
Head to Mammoth Hot Springs, a unique area of the park where golden travertine terraces create mesmerizing, intricate landscapes. During a stop at the Lower Geyser Basin, discover the four geothermal features of the park: hot springs, mud pots, geysers, and fumaroles. Next, visit Yellowstone's Grand Canyon and its awesome Upper and Lower Falls, both encased in ice and snow as if frozen in time. This afternoon, either a walk through historic Fort Yellowstone or along the boardwalk of the nearby hot springs will introduce us to this part of the park.
*Overnight: Mammoth Hot Springs Hotel (B,L,D)*

**Day 4: Lamar Valley**
After breakfast, an early departure brings us to prime wolf habitat, Lamar Valley. Aboard a heated van, venture into the winter wonderland where wolves and other wildlife play, hunt, and survive. Dusted with snow, bison stand majestically within this protected area, and elk gather in the river valleys. Wolves stay in range of the movements of their prey, and with the season’s bare trees and frosty backdrops, conditions are better than any time of year to spot the elusive predators. During this full-day safari, our driver and guide will share a wealth of knowledge, stories, and a trained eye to spot wildlife.
*Overnight: Mammoth Hot Springs Hotel (B,L,D)*

**Day 5: Lamar Valley**
Another full day safari in Lamar Valley gives us the opportunity to reach viewing points where wolf sightings have been reported. Learn about the wolves' evolving family tree, the packs currently roaming the park, and dynamics between individuals and families. Dramatic tales and perspectives about the saga of the wolves' crisis and comeback over the last several decades add to the expedition for an exciting day of scouting.
*Overnight: Mammoth Hot Springs Hotel (B,L,D)*

**Day 6: Mammoth Hot Springs / Bozeman, MT**
This morning we make our final excursion to Lamar Valley, stopping to look for the apex predator through scopes. After lunch we say our goodbyes to Yellowstone National Park, departing via the North Entrance to Bozeman for a special evening. At the Museum of the Rockies, we finish our adventure with a festive farewell dinner amidst one of the most important collections of dinosaur fossils in the world. Learn about the discoveries made in this area from a knowledgeable guide—an exclusive after-hours tour that will spice your table talk and set the scene for a fond farewell to the wolves, the park, and your traveling companions.
*Overnight: C'mon Inn Hotel & Suites (B,L,D)*

**Day 7: Depart Bozeman**
After breakfast, depart for the airport. Complimentary transfers are available for flights departing during the suggested times. *(B)*

*R = Reception, B = Breakfast, L = Lunch, D = Dinner*

Old Faithful Snow Lodge

Room Amenities: Pillow-top mattresses, complimentary wireless internet access, phone, refrigerator, microwave, coffee-maker, and en suite bathroom with hair dryer.

Activity Level:

Moderate

The majority of the program’s activities will take place outdoors and a fair amount of walking on varying terrain is to be expected. Many of the dirt trails and boardwalks in Yellowstone are not routinely shoveled in the winter. It is our expectation that guests on this program can manage cold temperatures; walk on uneven, frozen, or snow-covered terrain; as well as have the ability to get in and out of vehicles and be able to manage stairs without assistance. There are opportunities for differing abilities to enjoy Yellowstone National Park. Also keep in mind that you will experience varying altitudes, rising up to 8,000’.
