Dear Northwestern University alumni and friends,

Join Tony Weber of Northwestern and Dean of Students at Oxford for this unique, four-week program to England, Scotland, and Ireland. We begin in June with the most famous institution of higher learning in the world, where generations of Northwestern students have carved out great futures. The university’s historic buildings, magnificent gardens, and classic architecture offer a glimpse into the past while providing a foundation of modern academic pursuits.

Follow in the footsteps of our own President, Dr. Morton Schapiro, and his wife, Elaine, who visited Oxford in 2003. And join your fellow Northwestern alumni and students as we explore smaller Oxford colleges, which reflect the charm of the city.

We offer a range of courses, from the classics to the cutting-edge, providing a rich and meaningful experience for all participants. Our faculty and guest speakers will share their knowledge and insights, and you’ll have the opportunity to engage in discussions and debates with other students and instructors.

Our program is designed to be flexible, allowing you to choose your own adventure. Whether you’re interested in history, art, literature, music, or something else entirely, you’ll have plenty of options to explore.

As always, Northwestern Alumni Association guided tours are included, providing a comprehensive look at the city’s cultural heritage. You’ll have the opportunity to tour world-famous museums, visit historic sites, and experience the city’s vibrant arts and music scene.

Reserve your trip to England today!
